

Field: In Page Slider Thumbnail

In Page Slider Thumbnail

In page slider thumbnails to be used within the "In Page Media Slider" Layout

Category: Waterlogic Gallery and Sliders.

Note: This Field is designed to be used as part of the "In Page Media Slider" layout only.

The screenshot shows a configuration interface for the 'In Page Slider Thumbnail' field. At the top, there is a '100%' zoom level indicator and a 'Layout Settings' button. Below this, the field name 'In Page Slider Thumbnail' is displayed with a dropdown arrow and a 'Delete' button. A '+ Add Item' button is positioned in the center. Below a horizontal dashed line, the 'Thumbnail Image' section is visible, containing 'Choose', 'Upload', and 'From URL' buttons, followed by the text 'or drop an image here'. Underneath is a 'Thumbnail Image Alternating Text' label and a text input field. At the bottom, another '+ Add Item' button is present, and a 'Delete Item' button is on the right side.

Repeater Inputs: You can add multiple thumbnail images, by default when adding this field there is one ready to go. To add others then click the **Add Item**, which will create another hyperlink to the list.

The order of the repeater thumbnails need to be the same as those of the **In Page Slider Content** field.

Thumbnail Image: The thumbnail image to support the Slide Media.

Thumbnail Image Alternating Text: Alternating text to assist the image if an image.
