

Field: Off Page Slider

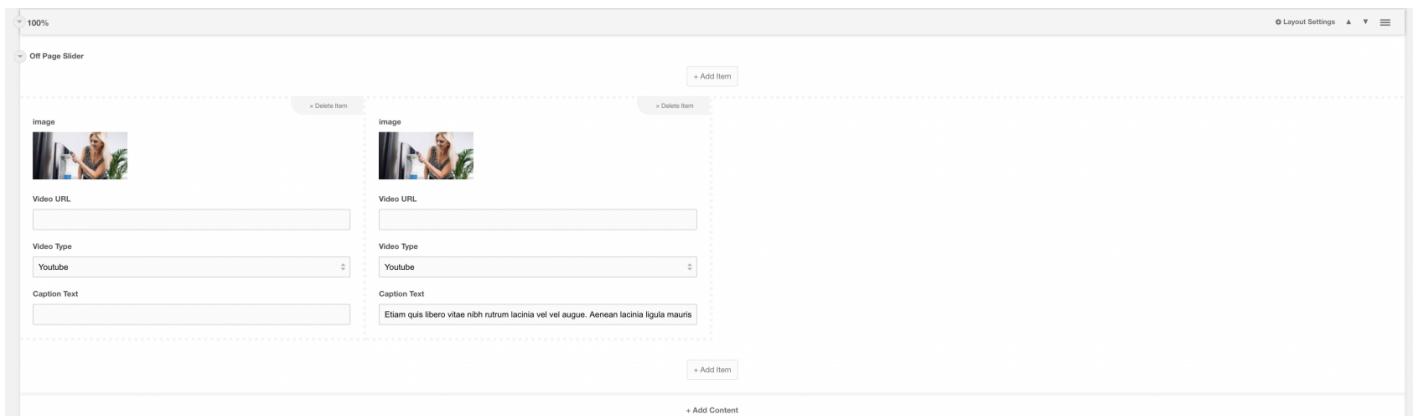

Off Page Slider.

Large slider appearing off screen with option for caption text on each image.

Category: Waterlogic Fields.

Content Blocks Documentation:

https://docs.modmore.com/en/ContentBlocks/v1.x/Input_Types/Repeater.html

Repeater Settings

Each repeater item has the ability to customise image, video and caption text.

Image: The main image that you would like to appear within the repeaters.

Video: If you would like a video to appear, video ID (see **Video field** docs for obtaining ID's <http://websitedocs.waterlogic.com/books/content-blocks/page/field-video>)

Video Type: If you have entered a video id into the **Video** setting, select the source of the video. Default to Youtube.

Caption Text: The text that will appear below the image/video. Default to Empty.

Notes

This field is created at its most basic and requires additional settings to be applied to the outer layout to work effectively. You can use the **Off Page Slider Layout Template** for preconfigured settings.

To use this field, you need to use the 100% layout. Within the **100% layout** settings **Bootstrap Column 1** setting values needs to be "**col-12 col-lg-10 offset-lg-1 col-wl-8 offset-wl-2**" with padding top and bottom set to **0px**.
