Content Blocks Documentation:

<https://docs.modmore.com/en/ContentBlocks/v1.x/Fields/index.html>

Hyperlink Type

Resource ID

Hyperlink Text

Hyperlink Destination

Open in new window?

No

Additional Settings: (as found within field cog, **highlighted in blue**)

WL Hyperlink Repeater Settings

Hyperlink Colour: Light Blue

Font Size: Regular

Font Awesome Icon:

Alignment: Left

Save

**Repeater Inputs:** You can add multiple hyperlinks, by default when adding this field there is one ready to go. To add others then click the **Add Item**, which will create another hyperlink to the list.

**Hyperlink Type:** Where should this hyperlink go? Options:

1. Resource ID - The resource ID that the button should link to
2. External URL - An external url (e.g. <https://www.google.co.uk>)
3. Modal - The ID of the modal popup as defined in the **Modal Popup** content block
4. Scroll to ID - The section that you would like this button to scroll to. Defined by Layouts

**Hyperlink Text:** The text to display within the link

**Hyperlink Destination:** The location where this hyperlink should go to. Relevant to the **Hyperlink Type** setting.

By default, if no repeater fields are present then 5 of the resources neighbouring pages are displayed as links. For example, if a hyperlink repeater is used on a product category page then 5 for its sibling category pages will be displayed.

### **Additional Settings**

**Hyperlink Colour:** The colour of the hyperlink. Default Light Blue.

**Font Size:** Select the text size from the pre-defined list of sizes. Default Regular.

**Font Awesome Icon:** Font Awesome Icon to use to the left of the hyperlink, see (<https://fontawesome.com/icons?d=gallery>) for icons that can be used.

For Example: Star icon (<https://fontawesome.com/icons/star?style=solid>) the value to be used would be fa-star.

**Open in new window?:** Should this link open in a new window?

**Alignment:** What position should this sit within the layout. Left, right or centre. Default Left.
