

Layout: 100% empty

An empty layout with a wrapper for additional Bootstrap classes

Category: Default.

Content Blocks Documentation: <https://docs.modmore.com/en/ContentBlocks/v1.x/Layouts.html>

The 100% empty layout is designed to be used within Nester layouts. It removes all columns, containers and rows and provides an empty layout. This should not be used on its own as it will not align elements correctly.

Settings

Setting	Description	Default
