

# Layout: Branded Slider Image

Branded slider layout. Building layout using branded slider image and branded slider content field.

Category: Waterlogic Layouts

This layout is the outer container for creating the branded slider image content, By default the slider layout contains the Branded Slider Image field to the left and Branded Slider Content to the right; see screenshot:

You can add as many slider items that you need. Each Image on the left required content on the right and needs to be in the same order. If there is only one item then the slider navigation does not show.
