

# Layout: Hero form cut-out

## Three column layout for use as a hero with a form and trusted logos

Category: Waterlogic Heros.

Content Blocks Documentation: <https://docs.modmore.com/en/ContentBlocks/v1.x/Layouts.html>

The screenshot shows a web editor interface for a 'Hero Form Cut-out' layout. At the top, there is a dark blue header with the title 'Hero Form Cut-out' on the left and 'Layout Settings' with a cog icon and a menu icon on the right. Below the header, the main editing area is divided into three columns. The top row contains a 'Hero image' field with a text input and a 'Hero image alt' field with a text input. To the right of these fields are buttons for 'Choose', 'Upload', and 'From URL', followed by the text 'or drop an image here'. The middle row consists of two large empty rectangular areas, each with a '+ Add Content' button centered at the bottom. The bottom row is a single wide empty rectangular area with a '+ Add Content' button centered at the bottom.

**Additional settings are available by hovering over the field and clicking the cog in the top right**

Hero Form Cut-out Settings

<b>Form columns</b>	<input type="text" value="col-12 col-xxl-10 col-wl-9"/>
<b>Image size</b>	<input type="text" value="Larger"/>
<b>Data-UID Attribute</b>	<input type="text" value=""/>
<b>Margin Top</b>	<input type="text" value="None"/>
<b>Margin Bottom</b>	<input type="text" value="60px"/>
<b>Form modal button colour</b>	<input type="text" value="orange"/>

## How to use

To use this template it is important that the different layout content areas contain the right content. The first (top left) should contain Headings, text, and content related fields. Second (top right) should only have a trusted logos field. And the third (bottom left) should only contain a form. This form will also be added to a mobile modal and a button will automatically show below the content area allowing users to open that form modal.

## Options

Option	Description	Default
Hero image	Image to use for Hero	
Hero image alt	Alt text for hero image	

## Settings

Setting	Description	Default
