

# Template: Alternating Content

## Alternating Content.

A section template containing side by side rich text and image fields, within a variable column layout.

Category: Templates - Sections.

Content Blocks Documentation: <https://docs.modmore.com/en/ContentBlocks/v1.x/Templates.html>

The image displays two screenshots of the Modmore CMS interface, specifically the 'Variable Columns' template editor. The top screenshot shows the configuration for an 'Image' block. It includes a preview of an image, a text field for 'Alternative text', and several settings: 'Content Settings' (set to 'Yes'), 'Show Image As A Circle?' (set to 'Yes'), 'Image Alignment' (set to 'Align Left'), and 'Responsive Size' (set to 'Reduced'). The bottom screenshot shows the configuration for a 'Rich Text' block. It includes a rich text editor with a toolbar, a 'Heading' field, and 'Content Settings' (set to 'Yes'). Both screenshots show a '+ Add Content' button at the bottom of the configuration panel.

Example of front end view:
