

Template: Content cards

Section template consisting of 3 content cards

Category: Waterlogic layouts - Fields

The image displays a user interface for editing content cards. At the top, there are three content cards, each with a different background image and logo (Altus Group, Billi, and PUREZZA). Below each card is a set of controls for editing its content, including fields for background image, logo, upper title, main title, sub title, and content text. A rich text editor is also visible for each card. At the bottom, there are two columns of field settings for buttons and hyperlinks, including options for color, text, type, destination, and whether to open in a new window.

This template uses:

1. Layout: 33/ 33/ 33 layout
2. Field: Content card
