Product Hero - Consisting of Brand Product Layout

Category: Templates - Sections - Waterlogic Layouts.

Content Blocks Documentation: <https://docs.modmore.com/en/ContentBlocks/v1.x/Templates.html>

The screenshot shows the 'Brand Product' template editor. It features a main image area with a placeholder for a product image (two white cups). Below the main image are fields for 'Image Alt Text', 'Secondary Image', and 'Secondary Image Alt'. There are buttons for 'Choose', 'Upload', and 'From URL' to add a secondary image. Below these is a 'Heading' section with a dropdown menu set to 'Heading 5' and a text input field containing 'NEW!'. At the bottom is a 'Rich Text' editor with a toolbar and a text area containing the heading 'WL7 Firewall' and a paragraph of descriptive text about the water dispensing system.

Image: The main image to display on top of the SVG. Should be a PNG image with transparent background.

Image Alt text: Alt text to display on the main image.

Image 2: Optional second image that sits beside Image 1. Should be a PNG image with transparent background.

Secondary Image Alt: Alt text to display on image 2.

Content area allows you to add any field to this section. Designed initially to use headings and buttons. See example below:
